# So much more than friendship

Our fully-accredited Assistance Dogs help people with a disability to live as fully and independently as possible.

It takes \$40,000 and two years to train an accredited Assistance Dog. These clever pups learn more than 50 specialised skill cues to meet the specific needs of a person living with disability. Assistance Dogs are placed with clients free of charge, and have a working life of around 10 years.

Assistance Dogs help people living with a physical disability, PTSD, Autism and special needs. We don't receive any government funding, so our life-changing work is only possible through the generosity of individuals, businesses and philanthropic partners.
